Objective

Enthusiastic and dedicated B.Tech Computer Science student with a strong grasp of programming principles and a proactive approach to problem-solving. Strong command of C, Python, and academic project work, with a passion for software development and continuous learning. Seeking an internship opportunity to apply technical skills and gain hands-on industry experience.

Education

B.Tech in Computer Science, Saveetha School of Engineering, SIMATS, Chennai **Expected 2027**
CGPA: 9.5/10 Tamilnadu, India

Intermediate (MPC), Sri Chaitanya Junior College **2021 – 2023**
Percentage: 98% AP, India

High School Education, Vijaya Bharathi High School **2021**
Percentage: 100% AP, India

Skills

Programming Languages	C, C++, Python
Developer Tools	Google Colab, VS Code, GitHub
Tech Stack	HTML, CSS, Streamlit, NLP, OCR, Machine Learning
Academic Coursework	Data Structures, Operating Systems, CN, Software Engineering, Cloud Computing

Work Experience

AIML Intern **August 2025 – October 2025**
Academic Internship *Tools: Python, NLP, scikit-learn, Streamlit, OCR*

- Developed an AI-driven legal document analysis system using NLP and machine learning for detecting clauses and risk identification.
- Integrated OCR to process scanned legal documents and deployed the solution through a Streamlit-based web interface.

Projects ([Github](#))

Personal Portfolio Website | *HTML, CSS, JavaScript* **November 2025**
Designed and developed a responsive personal portfolio website to showcase projects and technical skills. Deployed using GitHub Pages for public access.

Energy Optimization Prediction in Smart Factories | *Python, LSTM, XGBoost* **2025**
Developed a predictive model using LSTM and XGBoost to improve energy efficiency in smart factory systems. Focused on analyzing industrial data patterns to enhance optimization accuracy.

Awards & Achievements ([LinkedIn](#))

Best Poster Award – TECH STAR SUMMIT 2025 : Presented a research poster on energy optimization in smart factories using LSTM and XGBoost.

Oracle Certified Specialist – Database SQL (July 2025): Completed Oracle certification covering fundamental SQL and database concepts.

Internet of Things (NPTEL): Completed an introductory course covering IoT fundamentals, architectures, and applications.
